DISTRICT MAP

ABOUT THE CIP

CCDC | CAPITAL CITY DEVELOPMENT CORPORATION

5-YEAR CAPITAL IMPROVEMENT PLAN | 2021 – 2025

CIP CREATION

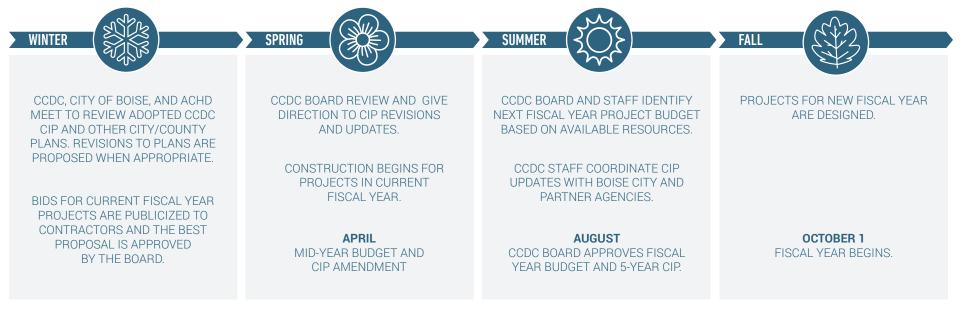

WHY DOES CCDC CREATE A 5-YEAR CIP?

CCDC creates a 5-year fiscally responsible CIP as a predictable framework to collaborate with agency and community partners to achieve urban redevelopment goals and the long term vision for the city. The plan allows for flexibility to take advantage of unanticipated opportunities and changes in market conditions.

The CIP is built in conjunction with the budget to allocate limited resources by district to various capital improvement projects and participation program agreements. The plan is evaluated and revised annually and amended at the mid-year point to make necessary adjustments as conditions change.

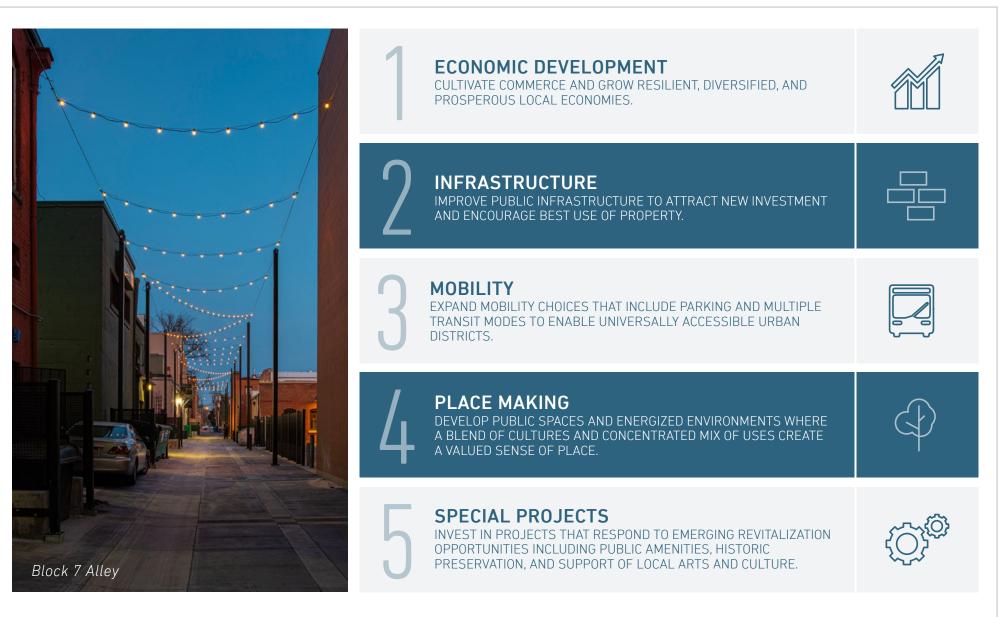

WHAT TYPES OF PROJECTS ARE INCLUDED IN THE CIP?

CCDC is enabled by state statute to "prevent or arrest the decay of urban areas" and to "encourage private investment in urban areas." CCDC does this through a variety of direct investments in public amenities and strategic planning efforts that benefit the public good. These investments fall into five main categories: Economic Development, Infrastructure, Mobility, Place Making, and Special Projects. In addition to managing our own projects, CCDC also assists the City of Boise and private developers by contributing to components of their projects which benefit the public.

KEY STRATEGIES

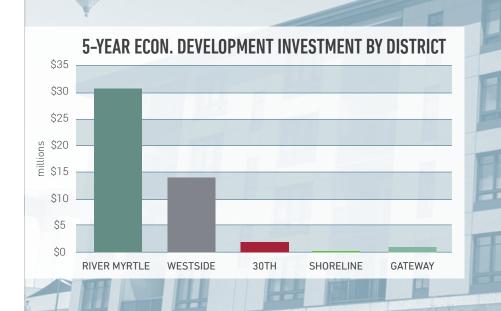

ECONOMIC DEVELOPMENT CULTIVATE COMMERCE AND GROW RESILIENT, Diversified, and prosperous local economies

WHAT DOES THIS TYPE OF PROJECT INCLUDE?

- PUBLIC PRIVATE PARTNERSHIPS THROUGH OUR PARTICIPATION **PROGRAM AGREEMENTS**
- CREATING BUSINESS INCUBATOR OFFICE SPACES (I.E. TRAILHEAD)
- LAND ACQUISITION FOR REDEVELOPMENT
- PROPERTY DISPOSITION FOR REDEVELOPMENT THROUGH PUBLIC **REQUEST FOR PROPOSAL PROCESS**

WHY DOES CCDC INVEST IN THESE PROJECTS?

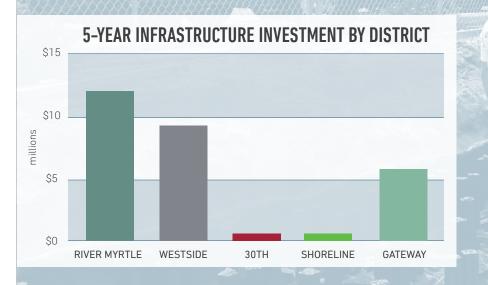

Boise's redevelopment agency exists for the purpose of economic development and everything we do is to drive more investment in our district and to help the local economy thrive. Fostering the expansion of local enterprise and career opportunity creates economic energy in our districts and beyond. CCDC's Participation Program is a policy created to leverage private investment with public investment by funding public improvements with the tax increment the project will generate.

Redeveloping properties within our districts enhances the urban environment and fuels economic growth. When CCDC acquires a property it is for the specific purpose of redevelopment. Often the properties are underdeveloped and the agency issues a public call for proposals, to see what the development community will create within the parameters CCDC sets. This gives the agency the ability to request and promote particular strategies, such as housing and mixed use development.

Housing has become a particular concern in keeping Boise livable, and as such CCDC will continue to assist the City of Boise with its **Housing Strategy** to increase and promote affordable housing options and supportive services.

INFRASTRUCTURE IMPROVE PUBLIC INFRASTRUCTURE TO ATTRACT NEW INVESTMENT AND ENCOURAGE BEST USE OF PROPERTY

WHAT DOES THIS TYPE OF PROJECT INCLUDE?

- FIBER-OPTIC CABLES
 PUBLIC WI-FI
- GEOTHERMAL EXTENSIONS
- NEW STREET CONSTRUCTION AND SIGNAL INSTALLATION
- UTILITY UNDER GROUNDING AND EXTENSION
- GREEN STORM WATER INFRASTRUCTURE (SUSPENDED PAVING SYSTEMS)
- STREETSCAPE UPDATES

The agency focuses on infrastructure as a means to attract more investment. Improving access, livability, and sustainability in downtown increases property values and also stimulates private developers to invest in and enhance real estate. CCDC's investments in public infrastructure encourage the highest and best use for properties downtown. By constructing infrastructure private developers can simply connect to existing utilities and amenities, which helps offset higher land and construction costs.

Another way in which CCDC promotes sustainability is through environmentally friendly infrastructure such as geothermal system expansion, and green storm water infrastructure which limits water runoff. CCDC's partnership with the City of Boise is essential to growing the city's robust geothermal heating system; a key goal of Boise's first Eco-District in the Central Addition Neighborhood. These infrastructure advancements will make geothermal more accessible and gives real estate developers and property owners an attractive option in using this natural heating source.

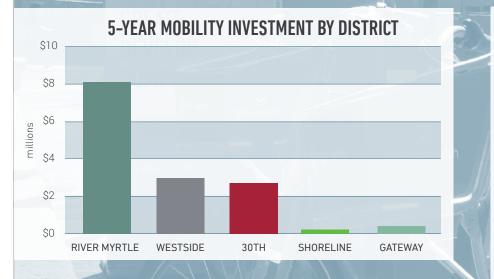

MOBILITY

EXPAND MOBILITY CHOICES THAT INCLUDE PARKING AND MULTIPLE TRANSIT MODES TO ENABLE UNIVERSALLY ACCESSIBLE URBAN DISTRICTS

D C DEVELOPMENT CORP Boise's Redevelopment Agency

WHAT DOES THIS TYPE OF PROJECT INCLUDE?

- CAPITAL IMPROVEMENTS AND UPDATES TO EXISTING PARKING STRUCTURES
- CONTRIBUTING FUNDS TO PUBLIC/ PRIVATE PARTNERSHIP PARKING GARAGE PROJECTS
- DOWNTOWN MOBILITY
 INFRASTRUCTURE ENGINEERING
 AND CONSTRUCTION
- BOISE GREENBIKE
- TRANSIT SHELTERS
- PROTECTED BIKE LANES
 VRT PROJECT FUNDING
- BUILDING NEW
 PARKING STRUCTURES
- 2- WAY STREET CONVERSIONS

WHY DOES CCDC INVEST IN THESE PROJECTS?

Expanding mobility choices and access to public transit is essential to a healthy downtown. Alternative transportation options increase property values and improve the capacity and efficiency of the street system. Through support of public transit, protected bike lanes, Boise GreenBike, a car-share program, and park and ride systems – CCDC improves access and mobility options in and around downtown. This in turn promotes economic and tourist activity as well as public health through active transportation options and reduced carbon emissions from traffic congestion. Additionally, converting streets from 1-way to 2-way advances **economic vitality** by making it easier and more convenient for visitors and residents to shop, dine, and enjoy our beautiful city.

Structured public parking contributes to a vibrant downtown and a strong economy in many ways. Structured public parking consolidates parking facilities and frees up land for development that would otherwise continue to be used as uninviting, under performing, inefficient surface parking. Structured parking can also be located more conveniently to high demand areas than surface lots, and can be integrated with a mix of retail, commercial, and residential uses. Structured parking allows former surface lots to redevelop into a variety of uses that are more productive and appealing, including residential, commercial, or even open space. CCDC supports public structured parking by providing financing of new structures and management of existing structures. Public parking garages **leverage significant new private development investment.**

DEVELOP PUBLIC SPACES AND ENERGIZED ENVIRONMENTS WHERE A BLEND OF CULTURES AND CONCENTRATED MIX OF USES CREATE A VALUED SENSE OF PLACE

WHAT DOES THIS TYPE OF PROJECT INCLUDE?

- NEIGHBORHOOD PLACMAKING PROJECTS (SUCH AS BROAD STREET AND 8TH STREET)
- OPEN SPACE CREATION PUBLIC PARKS, PLAZAS, SIDEWALK CAFE SEATING, AND PATHWAYS (E.G. THE GROVE PLAZA, PIONEER PATHWAY)
- NEIGHBORHOOD STRATEGY BRANDING

WHY DOES CCDC INVEST IN THESE PROJECTS?

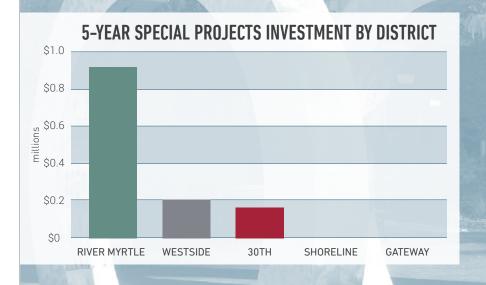

Creating places and neighborhoods people love is a key element in making a city desirable for residents, visitors, and investors. There is a tangible difference between the streets which CCDC has improved with new trees, pavers, and benches and the old, cracked concrete sidewalks with no shade or interest for a pedestrian. Place making **contributes to the economic vitality of downtown** by making the city a place people want to spend time exploring. The Grove Plaza and 8th Street, both CCDC projects, are thriving gathering places which benefit neighboring shops and restaurants.

This energetic city center has a multiplier effect, **bringing vibrancy to the entire downtown** neighborhood. CCDC will continue to expand this energy into new neighborhoods with many upcoming streetscape, and public improvement projects.

INVEST IN PROJECTS THAT RESPOND TO EMERGING REVITALIZATION OPPORTUNITIES INCLUDING PUBLIC AMENITIES, HISTORIC PRESERVATION, AND SUPPORT OF LOCAL ARTS AND CULTURE

WHAT DOES THIS TYPE OF PROJECT INCLUDE?

- PUBLIC ART (E.G. HELIOTROPE IN BODO AND "GROVE STREET ILLUMINATED)
- MARKET STUDIES (HOUSING, HOSPITALITY)
- HISTORIC PRESERVATION

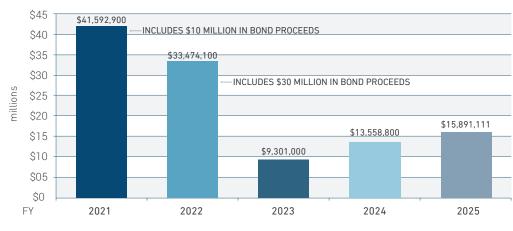

WHY DOES CCDC INVEST IN THESE PROJECTS?

Special efforts are essential to ensuring a vibrant downtown with a **world class quality of life**. Public art enhances the downtown environment, offers social and educational opportunities, and promotes tourism. It can also be used to **celebrate local artists** and discourage vandalism. CCDC funds public art downtown on an ongoing basis, including standalone installations, installations with streetscape improvements, and innovative programs such as the traffic box art wraps.

Commissioned studies on various development topics such as downtown housing and parking can identify shortfalls and opportunities not otherwise readily recognized by the market. These studies may in turn be used to **encourage private development** and facilitate financing.

5-YEAR CAPITAL IMPROVEMENT PLAN | 2021 – 2025

DISTRICT BY DISTRICT: OVERVIEW & PROJECTS

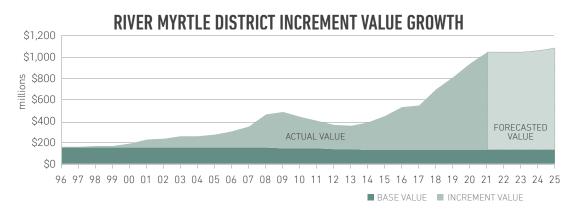

OVERVIEW OF RIVER MYRTLE DISTRICT

The River Myrtle District consisted of mostly vacant property, deteriorated residences and warehouses, and remnants of older industrial uses when it was first established. Redevelopment opportunities included the vacant Union Pacific switch yard properties, the 14-acre Ada County property, and the historic Eighth Street Marketplace, while assets included close access to the major employment centers in downtown, riverfront parks, the Boise River Greenbelt, and Boise State University. The district's plan seeks to strengthen north-south connections between downtown and the Boise River; re-establish mixed-use, urban neighborhoods; extend/connect the Boise River Greenbelt and Julia Davis Park; and develop the Cultural District on the south end of 8th Street.

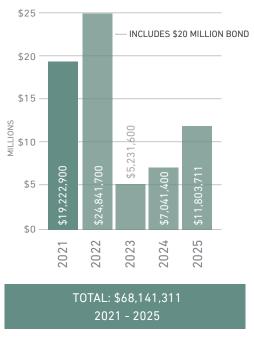

In the more recent years, the River Myrtle District has seen significant private investment in development projects that have been assisted by CCDC. The Fowler apartments were the first large-scale multifamily project to be built since the recession, and include approximately 163 rental units. CCDC partnered on this project by funding public improvements and the Broad Street project created a neighborhood feel. Building off of the success of Broad Street and The Fowler, three additional multifamily projects are planned in the Broad Street vicinity, which will bring an additional 600 units to the district.

Since 2014, two new hotels have also been built with CCDC partnerships and a third is under construction. The Hilton Home2Suites located at 5th and Front includes a 540 space parking garage, of which CCDC will lease 200 space for the general public to utilize on a monthly basis. The developer is now planning to redevelop a surface parking lot nearby to an additional multifamily project, which will bring approximately 114 rental units and 8,000 SF of retail.

Status Definitions

Obligated: projects for which a formal agreement has been approved and/or executed. This may include an awarded contract, executed task order, or participation agreement.

Designated: proposed projects for which there has been a board designation, an informal agreement, or demonstrated commitment. This includes things like City Hall Plaza, participation agreements in process, or interagency coordination (Fulton, Broad, State).

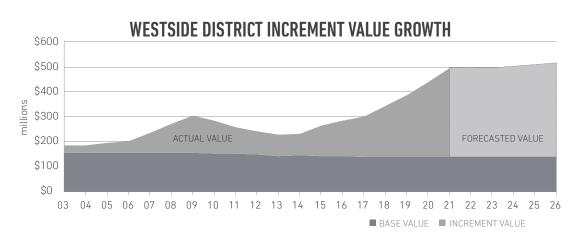

Tentative: important projects and efforts that are in the early planning stages, and/or projects that are less time sensitive.

OVERVIEW OF WESTSIDE DISTRICT

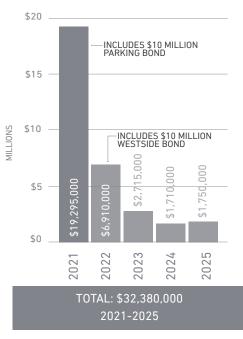

The Westside Downtown District is home to Boise Cascade, Idaho Power, Meadow Gold, One Capitol Center, and an abundance of surface parking lots. The Westside plan calls for a rich mixture of urban-style housing, shops, restaurants; increased downtown housing availability; an urban village; plazas and park-like green spaces enriched with public art, concerts and cultural events; improved transit service; robust connections to other parts of downtown, the greenbelt, and the foothills; conversion of surface parking to structured parking; Main and Idaho as retail corridors connecting to the downtown core; pedestrian-oriented design; and enhancement of the Boise City Canal through the district.

CCDC has assisted in several housing projects in the district including The Owyhee mixed use renovation, the Idaho Street Townhomes, The 119 luxury condos, and The Watercooler. The Watercooler was developed through a public land disposition at 14th and Idaho. The project netted 46 new housing units with a ground level restaurant and live/work units. Still more investment is underway including property redevelopment at 10th and State, 11th & Idaho, a public park at 11th and Bannock, and a Grove Street placemaking project.

OVERVIEW OF 30TH STREET DISTRICT

The 30th Street master plan envisions the district as a premiere urban place celebrating its unique location between the Boise River corridor and downtown Boise. It includes attractive neighborhoods and vibrant mixed-use activity centers serving local residents, the community and the region. The area serves as a gateway to downtown, welcomes visitors and has a unique identity and strong sense of place where people and businesses thrive.

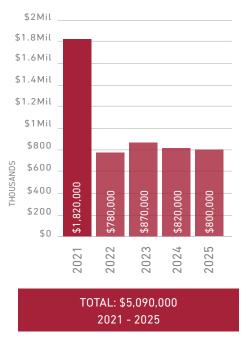

Recent and ongoing improvements in the district include the Whitewater Park, Esther Simplot Park, Whitewater Park Boulevard, 27th Street road upgrades, a new surgical office building, and a proposed College of Western Idaho campus.

Significant new development projects, include the Adare Manor Apartments, and Saint Luke's medical facility. These projects are providing significant new mixed-use, commercial development including medical office, housing, retail, and parking to the existing uses.

Status Definitions

Obligated: projects for which a formal agreement has been approved and/or executed. This may include an awarded contract, executed task order, or participation agreement.

Designated: proposed projects for which there has been a board designation, an informal agreement, or demonstrated commitment. This includes things like City Hall Plaza, participation agreements in process, or interagency coordination (Fulton, Broad, State).

Tentative: important projects and efforts that are in the early planning stages, and/or projects that are less time sensitive.

OVERVIEW OF SHORELINE DISTRICT

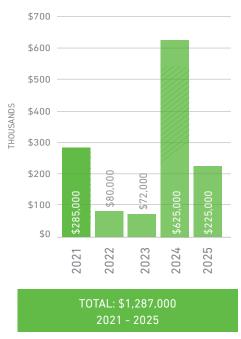

The Shoreline District holds opportunity to solve public infrastructure deficiencies in the Lusk Street neighborhood, revitalize the riverfront neighborhood and enhance the riverfront amenities and mobility corridor along the Boise River.

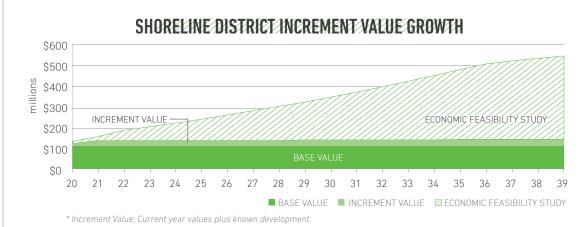

The City of Boise directed Capital City Development Corporation (CCDC), Boise's redevelopment agency, to proceed with the Shoreline District formation process. Initial investigations began in early 2017, approved of by stakeholders and partner agencies.

Tentative: important projects and efforts that are in the early planning stages, and/or projects that are less time sensitive.

OVERVIEW OF GATEWAY EAST DISTRICT

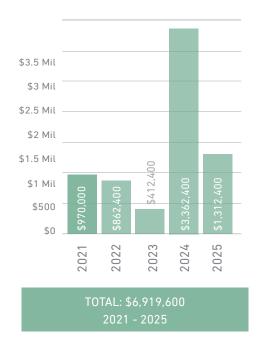

The Gateway East District holds opportunity to diversify Boise's economy, create quality jobs, and plan for industrial growth by improving infrastructure and promoting industrial development in and around Boise's Airport Planning Area. The City of Boise approved the Urban Renewal Plan for the Gateway East Economic Development Project Area in December 2018.

The City of Boise directed Capital City Development Corporation (CCDC), Boise's redevelopment agency, to proceed with the Gateway East District formation process. Initial investigations began in early 2018, approved of by stakeholders and partner agencies.

Tentative: important projects and efforts that are in the early planning stages, and/or projects that are less time sensitive.

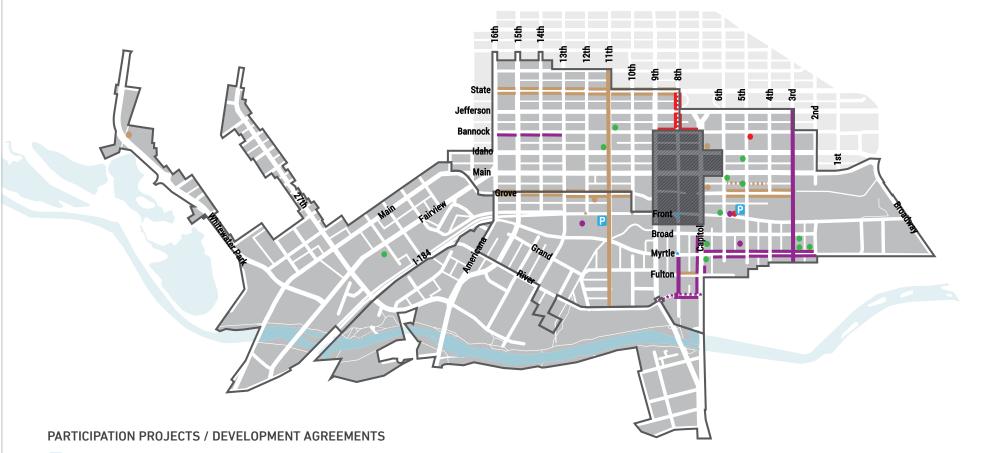

Blueprint Boise, the comprehensive plan for the City of Boise, was originally adopted in November 2011 and has seventeen goals for the Downtown Boise Planning Area. These goals are compatible with CCDC's Key Strategies used to accomplish our mission and vision for downtown Boise. CCDC values collaboration with the City and works to advance both the redevelopment goals of each urban renewal plan as well as the City's Blueprint Boise goals for Downtown. All of CCDC's projects fall under one of the five key strategies identified below, and each key strategy works in unison with at least one of Blueprint Boise's goals.

BLUEPRINT BOISE DOWNTOWN GOALS	ECON. DEVELOPMENT	INFRASTRUCTURE	MOBILITY		SPECIAL PROJECTS
CENTERS, CORRIDORS & NEIGHBORHOODS					
Downtown as civic, economic, educational, social and cultural center	•	•			
Create in-town residential neighborhoods on the periphery of the CBD	•	•
