

Project Manager-Property Development

Reports to: Assistant Director – Placemaking & Infrastructure

Pay Grade: 11

Effective Date: September 2020

FLSA Designation: Exempt

General Position Description

The Project Manager coordinates public infrastructure improvements with private development activities as part of the Agency's Participation Program. This work includes the review and processing of program applications for public infrastructure funding. In managing the Participation Program, the Project Manager will score, evaluate and interpret the eligible public costs of development projects and verify project expenses to calculate CCDC's funding paid by reimbursement. Each project requires negotiations on final terms that follow the Participation Program policy as well as Idaho State Statute.

The Project Manager's work also includes strategic assessment and analysis for property acquisition as well as support for Agency owned property disposition. The disposition process includes preparing competitive solicitation documents such as Requests for Qualifications/Proposals, designing specialized assessment methods, conducting reviews of qualifications and proposals, preparing and/or presenting results to a selection committee; and managing active property disposition processes and contract deliverables on selected projects to completion.

To assist in redevelopment projects, the project manager's work includes evaluation of various potential private projects and may include research relating to special projects and approaches for Agency assistance. Work also involves collaboration with private developers on ideas and opportunities to facilitate or enhance project initiation, advancement and completion; advising or negotiating site plans and building forms; calculating and analyzing cost estimates; and managing project expenses within program parameters. In summary, the position manages the Agency's activities and involvement in a private development projects from initiation to completion in keeping with the Participation Program goals and approved agreements.

The Project Manager duties include keeping current on requirements of downtown area planning, zoning, parking and entitlement as well as downtown real estate activity. The Project Manager must have proven skills in commercial real estate development and/or entitlement, analysis and cost estimation; demonstrated success in project management; strong communications and negotiating skills in working with real estate practitioners, developers and governmental regulatory agencies; experience in public competitive selection processes; and knowledge of public and private property development.

The position works independently on assigned tasks with general guidance from the Assistant Director and input from the Executive Director. The principal duties of this position are performed

in a general office setting, however on-the-street familiarity with downtown plans, properties and transportation including on-site review, inspection and evaluation of active projects is required, all in a strong team work environment.
