8	mix of uses to include residential, some entertainment/restaurant, and possible street festival set up	7/17/2020 9:50 AM
9	updating it and hoping all the surface parking goes away. I love CW Moore Park. Excited to not lose it.	7/17/2020 9:38 AM
10	The potential for these to be more community engagements there. I think it could be an interesting space to have more history of Boise on display in an interactive way. I think it would also be a great opportunity to invite in native species and create more green space in the park.	7/16/2020 2:38 PM
11	Getting street trees to improve the walking environment. Less driveways from parking lots that can conflict with pedestrians.	7/16/2020 10:11 AM
12	The possibility of creating a dynamic downtown, specially between 3rd and 5th where there is nothing going on at the moment. The Basque Block should remain as is though. As they say, if it is not broken don't fix it.	7/11/2020 1:38 AM
13	The absence of those parking lots. I don't have much preference for what goes in the area, but I'm excited to see such prime lots be developed further than commercial parking.	7/10/2020 1:34 PM
14	I like the idea of making it unique, but do not want to diminish the Basque Block. It serves a great area for our community	7/10/2020 12:03 PM
15	Updated sidewalks that aren't buckling. Healthier street trees. More activation along the corridor.	7/9/2020 8:52 PM
16	Daylighting the canal. Big, beautiful street trees. Better bike lanes. New development connecting to the Basque Block.	7/9/2020 5:12 PM
17	Please encourage development design that extends the relaxed and fine-design environment of the blocks to the east. Encourage a mix of uses, structures no more than 5-6 stories in height, WIDE SIDEWALKS are essential, and low traffic volumes.	7/9/2020 4:27 PM
18	better streetscapes	7/9/2020 4:19 PM
19	connectivity and access, revitalization	7/9/2020 3:46 PM
20	More housing affordable to working-class/essential employees; wider, more welcoming sidewalks (similar to Basque Block and Broad Street)	7/9/2020 3:37 PM
21	Street trees, bike racks, and a bike lane!	7/9/2020 3:20 PM
22	more public parking, yet w/ more pedestrian approach -- backside of state building has a negative presence	7/9/2020 2:31 PM
23	It is wonderful as is. Public money should not be spent to help private developers.	7/9/2020 12:52 PM
24	Providing a fun and exciting place for people to live and work.	7/9/2020 11:36 AM
25	Getting rid of the large surface parking lots.	7/8/2020 10:29 AM

area more pedestrian friendly overall.

27	Extending the character of the basque block would be nice. Making it a very walkable street with restaurants and outdoor dining would be nice. Keeping the trees and somehow bringing the character of cw Moore park more throughout the stretch. Wider sidewalks and bench or other seating groupings.	7/7/2020 1:35 PM
28	Another area where the road could be closed to vehicular traffic, like 8th Street.	7/6/2020 12:56 PM

32	The potential for more areas which both reflect the unique history of this location combined with some green space.	7/3/2020 7:58 AM
33	Uncovering the canal and adding a water feature to downtown.	7/3/2020 1:33 AM
34	it becoming more bike and pedestrian friendly as there are not a lot of businesses that need car access from Grove.	7/2/2020 11:18 PM
35	There is so much untapped potential. Would be awesome to make the canal beautiful and get some water in the area.	7/2/2020 9:38 PM
36	Nothing quit spending my money for your your stupid social projectsb	7/2/2020 9:11 PM
37	Putting current parking underground and having more recreational spaces for foot and traffic.	7/2/2020 4:52 PM
38	Multi-use belongs there, not surface parking lots, so housing/retail development is exciting from a density and general "downtown Boise" feeling.	7/2/2020 12:45 PM
39	I hope they have more opportunity for transit and alternative commutes. I hate parking downtown and would love to be able to safely bike there instead.	7/2/2020 12:07 PM
40	Keeping some green spaces and older buildings and modernizing others	7/2/2020 8:23 AM
41	updating and showcasing this unique area for both local residents and tourists	7/2/2020 1:29 AM
42	Preservation of remaining buildings, no more parking lots, renewed emphasis on history.	7/1/2020 7:48 PM
43	More street level activation with store fronts, patio dining, places to hang out	7/1/2020 4:58 PM
44	The preservation of the historic structures combined with thoughtful new ones. The mix makes our city more interesting and dynamic.	7/1/2020 9:55 AM
45	Maybe helping to make downtown more accessible and less frustrating in terms of parking and getting around.	6/30/2020 11:17 AM
46	To retain some of the old "feel" of Boise and not over run the area with super tall multiple story buildings that very industrial looks/feelings due to the sharp lines and choice of building materials, and lack of green space.	6/30/2020 8:02 AM
47	More attractions outside the core of downtown.	6/29/2020 3:17 PM

50	Great services, less parking lots	6/29/2020 11:17 AM
51	Cultural and historical preservation.	6/29/2020 11:10 AM
52	Continuing the showcasing of Basque food + culture, continuing the streetscaping that encourages walking, rolling, and biking, the potential for housing options and green space. Did I mention walking and biking?	6/29/2020 10:15 AM
53	It is a great example of what Boise used to be before all the growth. We should not ignore our history.	6/29/2020 10:07 AM

55	Cleaning it up and rejuvenating the history of the area.	6/29/2020 9:11 AM
56	I'm not sure what is planned, but it is a crowded area now.	6/29/2020 9:04 AM
57	Keeping this the heart of downtown.	6/28/2020 9:04 PM
58	close to downtown, old neighborhood feel	6/28/2020 8:06 PM
59	Retention of any historic aspect to counter past razing of Boise's past.	6/28/2020 11:20 AM
60	Potential for high-density and mixed-use development, auto-free potential to maximize ped/bike and expanded businesses and restaurants opportunities for outdoor dining and commerce.	6/28/2020 11:02 AM
61	Development of recreation and the preservation of the historical aspects. So much of Boise is changing, it's nice to be able to see the history.	6/28/2020 9:38 AM
62	I have no idea	6/28/2020 8:38 AM
63	I hope that Front and Myrtle are narrowed to make the central addition a part of the neighborhood. Getting rid of the big nasty parking lots and putting in housing, trees, and green space is part of that. But green space without narrowing the highways cleaving downtown from the river will make for a lower quality set of parks. There's no shade at all on half the sidewalks currently, and with trees like are on Broad between 4th and 5th, it could be a little urban oasis between parks and housing.	6/28/2020 12:24 AM
64	Room for development off Basque block	6/27/2020 10:53 PM
65	The potential expansion of the slow and relaxed feeling of the Basque block to other streets. It is one of the few places in downtown where it feels safe to wander back and forth across the street midblock.	6/27/2020 9:35 PM
66	limit auto use, maximum pedestrian and bike use. Expanded small shop retail potential.	6/27/2020 6:31 PM
67	More usable public spaces	6/27/2020 5:28 PM
68	More restaurants and entertainment	6/27/2020 4:52 PM
69	Could there be potential for a food truck zone or maybe pedestrian and bikes only and no cars?	6/27/2020 4:40 PM
70	Walkability, no or few cars, old buildings	6/27/2020 3:43 PM
71	The same location on Broad St has become very vibrant. Grove has the same potential with the planned mixed use buildings. The potential for new living spaces, restaurants, bars and/or breweries, as well as a pedestrian focused area.	6/27/2020 3:36 PM
72	Keeping the character of it, preserving the history	6/27/2020 3:07 PM
73	an area for a community garden and pocket parks. Places to stop and get coffee. Public art.	6/27/2020 2:50 PM
74	Adjacency to already nice outdoor and restaurant areas.	6/27/2020 2:48 PM
75	I like it the way it is.	6/27/2020 1:41 PM
76	Making it walkable, support small businesses. No more high-rises, more neighborly	6/27/2020 1:12 PM
77	Extending the festival street as in the Basque area	6/27/2020 1:09 PM
78	Having a stronger connection to downtown and/or strengthening it as another neighborhood node. As more people live in and around the area I can see it becoming even more active and vibrant. I'm excited about the densification underway with several apartment buildings under construction.	6/27/2020 1:06 PM
79	the opportunity to save buildings and preserve history of the area	6/27/2020 12:55 PM
80	I hope it can remain low key. I hope there will not be many multi-story buildings to block views of the foothills.	6/27/2020 12:16 PM
81	the opportunity to update but preserve old buildings and open space	6/27/2020 12:06 PM
82	It already has a good diversity of options: shopping, eating, relaxing, apartments so would like	6/27/2020 12:04 PM

	to keep that mix.	
83	To keep the relaxed vibe. Wide sidewalks and slow traffic.	6/27/2020 11:57 AM
84	More pedestrian and bike access	6/27/2020 11:38 AM
85	Walking in safety without worry and noise of cars.	6/27/2020 11:15 AM
86	Adding additional lively art and shops.	6/27/2020 10:58 AM
87	More walkability, more ways to engage with the area as a pedestrian	6/27/2020 10:44 AM
88	Potential for remaining a walking friend area and a little bit of everything.	6/27/2020 10:08 AM
89	Walkability	6/27/2020 9:52 AM
90	drawing more visitors	6/27/2020 9:25 AM
91	Better pedestrian space, historical information shared	6/27/2020 9:04 AM
92	To preserve some of the flavor and the homes. Particularly the basque influence.	6/27/2020 8:12 AM
93	The historic significance.	6/27/2020 8:05 AM
94	Maybe extending the Basque area	6/27/2020 7:50 AM
95	A destination for activities like parks, open markets, picnics; expansion of and addition to Boise's vibrant "downtown scene" of restaurants and small shops	6/27/2020 7:24 AM
96	More patios and bike traffic. Perhaps a public market	6/27/2020 6:39 AM
97	n/a	6/26/2020 10:56 PM
98	It has a lot of underused space that could be developed to incorporate dining and open spaces for people who live and work to enjoy	6/26/2020 10:27 PM
99	Maintain the area as a neighborhood rather than a business district.	6/26/2020 9:55 PM
100	I have no opinion.	6/26/2020 9:44 PM
101	I love the pedestrian friendly part of the Basque block and would love it if this model could extend down to those other blocks.	6/26/2020 9:44 PM
102	This could be a fantastic pedestrian focused set of blocks that would enliven a little used portion of the downtown area. The lack of drive through traffic currently implies that this area could be reimagined as a pedestrian area without greatly impacting automobile travel in the downtown core.	6/26/2020 9:33 PM
103	It does NOT excite me to create high rises and parking garages. IF Development is what you seek then it needs to be walkable, inviting, with historical signage, street parking and keep the old housing structures. We've demolished too much old Boise charm already.	6/26/2020 9:18 PM
104	Being left alone, so that a bunch of bureaucrats do not dictate how the properties are used. You may have heard the term that "a camel is a horse that was designed by a committee." That applies to things planned by entitled unelected yokels in city halls as well.	6/26/2020 9:17 PM
105	A little more activity and lights for late evening walks. Making that area on Grove look complete.	6/26/2020 8:52 PM
106	The potential of keeping the idea of Old Boise but bringing that idea in to the present.	6/26/2020 8:20 PM
107	Bringing in new businesses, adding flora and fauna.	6/26/2020 6:33 PM
108	Leaving well enough alone! Keep the integrity of old and destroy what has not been maintained or be cost prohibitive to repair.	6/26/2020 6:20 PM
109	Small businesses	6/26/2020 6:04 PM
110	That it can be maintained as an historical district.	6/26/2020 5:58 PM
111	The potential for more events - street fairs, wedding receptions, concerts.	6/26/2020 5:55 PM
112	More dining and office space plus possibly more housing that is mixed use	6/26/2020 5:33 PM
113	Getting rid of all the parking.	6/26/2020 5:31 PM

CCDC Old Boise Blocks on Grove Street - Public Visioning Survey #1

114	Continuing what has been and making it better. More accessible	6/26/2020 5:17 PM
115	Trees Outdoor dining. Another small park-maybe w a raised garden patio for tables and chairs, concession stands and an amphitheatre for outdoor movies-like Malaga in Spain. People loved going to an outdoor movie and dining under the trees and stars.	6/26/2020 5:07 PM
116	Minimize car access, maximize for pedestrian/bike.	6/26/2020 5:00 PM
117	Keeping the development with the history in mind and adding as much green space as possible.	6/26/2020 4:57 PM
118	An extension of the look and feel of the Basque block would be great and add to the vibrancy of the area. It could be quiet from a vehicle traffic standpoint and active from a pedestrian standpoint	6/26/2020 4:44 PM
119	The potential to expand cultural awareness in Boise.	6/26/2020 4:43 PM
120	Continuing the walkable nature of our downtown. Connecting each area	6/26/2020 4:42 PM
121	More retail	6/26/2020 4:38 PM
122	Please don't turn it into another Basque block. One is enough!	6/26/2020 4:37 PM
123	Ability to use the space as a outreach for community	6/26/2020 4:37 PM
124	open to positive changes but still hope present feel continues	6/26/2020 4:32 PM
125	Preservation	6/26/2020 4:27 PM
126	expanding the pedestrian zone	6/26/2020 4:25 PM
127	Beautiful architecture NOT more rectangular box buildings - cheaper, yes but ugly.	6/26/2020 4:24 PM
128	Maintaining a sense of community.	6/26/2020 4:24 PM
129	Walking & biking	6/26/2020 4:22 PM
130	Nothing, as it seems inevitable that more apt or condos will in there.	6/26/2020 4:21 PM
131	A better cultural district and pedestrian-only	6/26/2020 4:20 PM
132	Pedestrian accessibility of locally owned businesses	6/26/2020 4:19 PM
133	Outdoor venue Pedestrian area	6/26/2020 4:18 PM
134	More green area. More walk ability. More shops and restaurants	6/26/2020 4:13 PM
135	Community gatherings	6/26/2020 4:10 PM
136	I don't want it changed!	6/26/2020 4:08 PM
137	Inclusiveness; welcoming; comfortable; gathering space	6/26/2020 4:08 PM
138	Mixed use that increases residential density.	6/26/2020 4:04 PM
139	I would love to see more streets closed off to cars for people to congregate.	6/26/2020 4:02 PM
140	Maintain and expand the Old Boise atmosphere.	6/26/2020 4:00 PM
141	It's a very underutilized area of downtown that has great potential to be a vibrant district. We don't have enough mini-districts in this city.	6/26/2020 3:59 PM
142	More walkability - like Basque block - could minimize traffic or utilize spaces like the section of 8th street with no car traffic. More art!	6/26/2020 3:57 PM
143	Exposing the stream that is below it. Making it mostly pedestrian would be great.	6/26/2020 3:55 PM
144	Proximity to the heartland of downtown	6/26/2020 3:52 PM
145	I'd be excited to see more parking venues and possibilities. It's a real hassle to worry about where you are going to find parking. A shuttle bus on the edge of town with a big parking lot would be so great! I'm sure that downtown vendors would welcome the potential for more customers. Right now, I avoid going downtown if I can find what I want at the mall or at a strip mall. I'm a senior and that's the worst part of downtown.	6/26/2020 3:51 PM

CCDC Old Boise Blocks on Grove Street - Public Visioning Survey #1

146	That the area won't be destroyed by building apartment buildings that look like they belong in the old communist Germany.	6/26/2020 3:50 PM
147	Shopping and restaurants	6/26/2020 3:48 PM
148	more shade and outdoor spaces	6/26/2020 3:46 PM
149	Business and job opportunity	6/26/2020 3:46 PM
150	I'd like the area to be interactive with the community, lots of benches, greenery, fountains (waterfall)	6/26/2020 3:44 PM
151	A nice area to walk around.	6/26/2020 3:43 PM
152	Preserving history and bringing more trees and greenery to the area rather than hot asphalt parking lots	6/26/2020 3:42 PM
153	Continuing support of small and unique businesses. Keeping the old downtown flavor. Safe and happy customers.	6/26/2020 3:41 PM
154	preserving the park	6/26/2020 3:40 PM
155	The focus has been shifting to more pedestrian and mixed use streets - less car focus! I hope to see more of this as this street is developed with new projects. It would be awesome to see it become the "new 8th street" as far as walkability goes. A car free zone, if feasible, would be ideal.	6/26/2020 3:40 PM
156	Upgrading the appearance and opportunities for new businesses to support the area	6/26/2020 3:40 PM
157	How cool would it be if Grove was the cultural street that showcased ALL the immigrant heritage of the Boise area? We have our beautiful Basque block, and what if the other blocks of Grove were dedicated to Chinese, Black, and Native cultural heritage of the region? That would be SO exciting!	6/26/2020 3:37 PM
158	Given what has happened to areas like the historic Central Addition, nothing excites me about what is inevitably planned for this area.	6/26/2020 3:36 PM
159	This is a large amount of space that could be more than parking lots	6/26/2020 3:36 PM
160	The development potential building off the success of the Basque Block and the Belgravia Building, etc.	6/26/2020 3:34 PM
161	The opportunity for small businesses and better landscaping	6/26/2020 3:32 PM
162	The addition of more housing makes me think there is potential for more activity there where very little exists now	6/26/2020 3:32 PM
163	It seems like it would be a great place for affordable housing for folks who work in retail/food downtown. Maybe with some open space like that provided in the Basque Block.	6/26/2020 3:31 PM
164	Improvements regarding traffic patterns and parking.	6/26/2020 3:29 PM
165	The possibility for housing in a new, vibrant neighborhood close to downtown.	6/26/2020 12:24 PM
166	The possibility for creating a vibrant, pedestrian oriented district w/ residential, commercial, restaurants. Please refer to Soft City: Building Density for Everyday Life by David Sim	6/26/2020 10:54 AM
167	More opportunities for housing, maybe another park	6/25/2020 6:36 PM

#	RESPONSES	DATE
1	Bike lanes, extra wide sidewalks, shade trees	7/22/2020 11:12 AM
2	Open up the canal to make a cool water feature, dedicated walking paths, historic information prominently displayed	7/21/2020 8:39 PM
3	Take basque block design all the way through, build on both sides. Create a new 8th street type area.	7/21/2020 7:53 PM
4	Daylighting the canal flowing from CW Moore park to the Basque Block. High density development, elimination of surface parking lots, possibly pedestrian only street corridor.	7/20/2020 3:21 PM
5	Extend the basque block! Daylight the old canal!	7/20/2020 10:44 AM
6	No	7/19/2020 9:45 PM
7	More density, high-rises that add vibrancy	7/19/2020 12:48 PM
8	residential and restaurants, and a street that can be closed off occasionally for events.	7/17/2020 9:50 AM
9	Get rid of surface lots, improve sidewalks and bike lanes, and keep CW Moore park.	7/17/2020 9:38 AM
10	I think it would be nice to make this area more of a "district" in Boise. It currently is not that unified and I believe that there is a lot of room for improvement that would make this area a destination in Boise. I appreciate the older historic buildings in this area. I think it would be nice to clean some of them up and make the area a space you would want to walk through more. The Boise community loves supporting local artists as well, I think it would be great to have more spaces in the city for open air markets. It could be especially interesting to reimagine what that would look like in COVID/post-COVID times and how this space could engage a growing community while allowing enough room for people to distance and find their own niche spots.	7/16/2020 2:38 PM
11	Street trees. Bicycle parking. Benches.	7/16/2020 10:11 AM
12	Not really. I insist, I do not see much need of improvements in the Basque Block area which provides a unique cultural and culinary experience in Boise (Bardenay, Gernika, Leku ona, Boarding House, Basque Center, Basque Museum, the Fronton).	7/11/2020 1:38 AM
13	Low-mid housing? Office space? Maybe public recreation would be nice. I don't really have too strong opinions about what goes there besides getting rid of the parking lots and retaining the existing historical buildings.	7/10/2020 1:34 PM
14	Make it different from the Basque Block so it does not take anything away from it's uniqueness. People need to be able to differentiate between the two	7/10/2020 12:03 PM
15	Continue the Basque Block treatment and make it the Basque Corridor!	7/9/2020 8:52 PM
16	Daylighting the canal. Big, beautiful street trees. Better bike lanes.	7/9/2020 5:12 PM
17	Trees, landscaping, wide sidewalks.	7/9/2020 4:27 PM
18	street trees, consistent sidewalk widths, points of interest to look at, small places to gather perhpas (benches), fix the drange and access at the job service building	7/9/2020 3:46 PM
19	Needs a cool art feature; maybe something with water.	7/9/2020 3:37 PM
20	Street trees, bike racks and a bike lane!	7/9/2020 3:20 PM
21	put up a pubic parking garage, make it more pedestrian-- pull the character down the street to connect with county offices. . .	7/9/2020 2:31 PM
22	Leave it as is.	7/9/2020 12:52 PM
23	Utilize the solar and geothermal resources. Provide lots of plants and trees to develop a place where people can escape the heat.	7/9/2020 11:36 AM
24	-Day light the canal through out the corridor -Bulb outs at every crossing to slow traffic and create better sight distancing. -especially at 5th street. -More street trees -extend festival street from 6th to 5th - provide a connection from 3rd to broadway behind the Court house	7/8/2020 8:24 AM
25	Extend the character of the basque block with high walk ability, restaurants and shady sitting and dining areas. Extend the character of CW Moore park through more of the blocks from 3rd	7/7/2020 1:35 PM

CCDC Old Boise Blocks on Grove Street - Public Visioning Survey #1

through 6th with wider sidewalks treed sitting areas/benches and "features" to align with the park.

26	Make CW Moore Park more connected to the Basque Block. It seems pretty separated and forgotten about with all the parking in between.	7/6/2020 12:56 PM
27	Parking	7/6/2020 8:05 AM
28	Keep it similar to Basque Block with new buildings that look older.	7/6/2020 1:10 AM

40	Do not tear down the remaining historic homes. Find a way to incorporate them. Historically Grove Street was filled with historic mansions, much like Warm Springs. Very little remain. They are integral to the story of Boise and make our downtown so much more interesting than all new highrises and demolition.	7/1/2020 9:55 AM

47	Downtown Boise will never truly be livable until Front & Myrtle are given to local control and re-imagined into boulevards, with reduced vehicular through lanes, greenscaped medians, and protected walking/biking infrastructure. If the goal is to revitalize Grove St between 3rd and Capitol, the noise and air pollution caused by the insane amount of vehicular traffic will ALWAYS be a problem until CCDC, ACHD, and the City of Boise use their collective bargaining power to take ownership of Front and Myrtle of the betterment of the community. Otherwise, project ideas would be to re-imagine the current surface Republic lot as a playground with play structures (there aren't any downtown) or as a permanent food truck market. Protected bicycle infrastructure is a must. We need more protected bike lanes downtown. Lead the way, CCDC.	6/29/2020 10:15 AM
48	In my opinion, it should maintain it's historical nature as the City grows to the west of it.	6/29/2020 10:07 AM

57	There should be green space. shade trees, and bike lanes connecting Julia Davis with Downtown. 3rd and 6th are both currently pretty hostile to bikes and pedestrians crossing the 5 lane roads. Front and Myrtle to get to Grove. All the surface lots should be removed in favor of garages in the bottom of buildings. Ideally, these garages would have less parking than people in them. Some street parking spots should be removed for scooter parking too. One parking spot could hold 10ish scooters.	6/28/2020 12:24 AM

64	Food truck zone. Close the streets to cars and have it just be for pedestrians and bikes. Better sidewalk drainage like why the LIV district did.	6/27/2020 4:40 PM
65	Make some streets pedestrian only and pave some or all of the street surfaces with brick or cobblestone. People will flock from ALL OVER to walk on that surface. Make it kid friendly-maybe things for the kids to interact with (interactive art?). Also, lots of places to park bikes, lots of plantings (native plants) to make it inviting (and shady in summer).	6/27/2020 3:43 PM
66	Something similar to the broad st plan. Also, main and front are busier streets. It's much more pleasant to go down grove as far as the courthouse to get further East - so more pedestrian friendly / wide sidewalks, seating, public art.	6/27/2020 3:36 PM

71	Continue the look in the Basque block and design principles followed on Broad St east of 6th	6/27/2020 1:09 PM
72	Not sure if this can be done but it would benefit a lot from safer and more frequent pedestrian crossings of Front and Myrtle. Dedicated bike lanes or bike first street (Cars second) street infrastructure would be amazing. Wider sidewalks like the brick sidewalks on 8th throughout would really make the place people friendly.	6/27/2020 1:06 PM
